What are the most positive aspects of this course?

I think this class does an excellent job of tying all aerospace concepts together. The homework, projects and in-class examples are all "real world" and directly assist me in learning the important material
GREAT CLASS!

Grading has been fair and consistent. Circle Yes or No. If No, tell why.

Yes - very fair and consistent.

What qualities did you like most about your instructor?

Dr. Valasek is very enthusiastic about this material and is a true motivator.

What qualities did you like least about your instructor?

He seems really busy. Although he makes time to answer questions and is amazingly quick to respond to email, he has had to cancel class for research often.
